plato alto

Family of three multi-functional pieces. Plato, sidetable in white carrara marble sculpted from a solid block, in the bicolor version made of layers of white and black marble or in solid natural or moka ash wood, with bottom pad made of natural red wool felt. Plato can also be used as a stool or a stackable container.

Platone can be used as a bench, sidetable, stackable container. It is made of solid natural or moka ash wood with bottom pad made of natural red wool felt. Platone can be combined with plato in modular compositions. Plato alto, vertical sidetable-container in nero marquina black marble carved from a single piece or in the bicolor version made of layers of white and black marble, with bottom pad made of natural black wool felt.
