IT Struttura interna in acciaio verniciato, garantita 10 anni. Imbottitura in poliuretano espanso a quote differenziate. Sotto rivestimento in fibra acrilica accoppiata. Bracciolo cilindrico, costruito in poliuretano espanso, coperto da soffice falda di piuma. Schienale in poliuretano espanso ricoperto con falda di poliestere. Schienale e bracciolo contengono al proprio interno una serie di sfere nichelate, che consentono agli stessi di rimanere stabili e fissi, in qualsiasi posizione vengano collocati. Cuscini volanti in piuma d'oca canalizzata. Tutti gli elementi sono completamente svestibili.

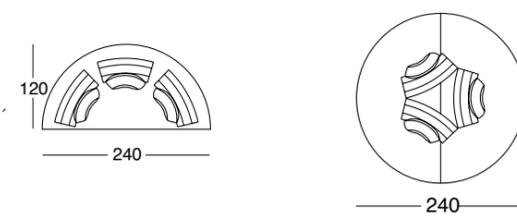

EN Painted steel internal structure, guaranteed for 10 years. Polyurethane foam padding in different densities, upholstered with composite acrylic fibre. The cylindrical armrest is made of polyurethane foam, covered by a soft layer of feathers. The polyurethane foam backrest is covered with a polyester layer. The backrest and armrest have a series of nickel-plated spheres inside to remain stable in any position. Removable cushions in goose down in baffle channels. The covers can be removed from all pieces.

FR Structure interne en acier laqué, garantie 10 ans. Garnissage en polyuréthane expansé à cotes différenciées. Dessous, habillage en fibre acrylique double. Accoudoir cylindrique, réalisé en polyuréthane expansé, recouvert d'une ouate douce en duvet. Dossier en polyuréthane expansé recouvert d'ouate de polyester. Le dossier et l'accoudoir contiennent à l'intérieur une série de sphères nichelées, grâce auxquelles ils sont stables et immobiles, quelle que soit leur position. Coussins volants en duvet d'oie cloisonné. Tous les éléments sont entièrement déhoussables.

DE Innenkorpus aus lackiertem Metall mit 10 Jahren Garantie. Polsterung aus Schaum-Polyurethan unterschiedlicher Dichte. Unterseits kaschierte Acrylfaserabdeckung. Zylindrische Armlehne aus Schaum-Polyurethan mit weicher Daunenabdeckung. Rückenlehne aus Schaum-Polyurethan mit Polyesterabdeckung. In Rücken- und Armlehne befindet sich eine Reihe von vernickelten Kugeln, mit denen sie in jeder Position stabil und starr bleiben. Lose Kissen aus kanalisiertem Gänsedaunen. Alle Elemente sind vollständig abziehbar.

IT Struttura interna in metallo verniciato, garantita 10 anni. Imbottitura in poliuretano espanso a quote differenziate, rivestita in fibra acrilica accoppiata. Bracciolo in poliuretano espanso, coperto da trapunta di piuma d'oca garantita. Schienale trapezio in poliuretano espanso con all'interno una serie di sfere nichelate, che consentono agli stessi di rimanere stabili e fissi, in qualsiasi posizione vengano collocati. Cuscino schienale in piuma canalizzata. Piedini in alluminio lucido dotati di antiscivolo in materiale termoplastico neutro. Rivestimento tessuto o pelle. Svestibilità totale. Con l'uso la piattaforma della seduta assumerà un aspetto più morbido e vissuto. Quindi il presentarsi di una leggera ondulazione dell'abito è da considerare assolutamente normale.

EN Internal frame in painted metal, guaranteed for 10 years. Padding in expanded polystyrene with varying density. Lower upholstery in backed acrylic fibre. Quilted armrest in expanded polystyrene, with certified goose down filling. Trapezoid backrest in expanded polystyrene, containing a series of nickel-plated spheres which remain stable and in any position they are placed. The back cushion is filled with goose down in baffle boxes. Feet in polished aluminium with non-slip pads in clear thermoplastic. The covers in fabric or leather, are fully removable. Over time, the seating will acquire a softer, more 'lived in' look, which means that a slight ripple effect in the upholstery should be considered totally normal.

FR Structure interne en métal peint, garantie 10 ans. Rembourrage en mousse de polyuréthane expansé de différentes densités et recouvert de fibre acrylique. Accoudoir en mousse de polyuréthane, couvert de couette en duvet d'oie garanti. Dossier trapèze en mousse de polyuréthane expansé avec à l'intérieur une série de roulements à billes nickelées, qui leur permettent de rester stable et fixe dans n'importe quelle position on le place. Coussins de dossier en plumes canalisées. Pieds en aluminium poli antidérapant en matériaux thermoplastique neutre. Revêtement en tissu ou en cuir. Entièrement déhoussable. Avec l'utilisation la plate-forme de l'assise va assumer un aspect plus doux et vécu. Ainsi, l'apparition d'une légère ondulation du tissu est considérée comme tout à fait normale.

DE Interner lackierter Metallrahmen mit 10 Jahren Garantie. Polsterung aus PU-Schaum mit unterschiedlicher Dichte, Bezug aus kaschierter Acrylfaser. Armlehne aus PU-Schaum, bedeckt durch eine Gänsedaunensteppdecke mit Garantie. Die trapezförmige Rückenlehne ist aus PU-Schaum mit einer Reihe vernickelter Kugeln im Innern, wodurch sie in jeder Position, in der sie angeordnet wird, stabil und fest bleibt. Rückenpolster aus kanalisierten Gänsedaunen. Füßchen aus poliertem Aluminium mit neutralem thermoplastischem rutschfestem Material. Bezug aus Stoff oder Leder. Kann vollkommen abgezogen werden. Im Laufe der Verwendung nimmt die Sitzfläche ein weicheres und „eingelebtes“ Aussehen an. Daher ist eine leichte Wellung des Überzugs als absolut normal zu betrachten.
