THE MAGNIFLEX COMPANY

Magniflex is one of the most recognized mattress brands in the world, currently distributing in 99 different countries worldwide.

In 1962, Giuliano Magni created his first mattresses in a small workshop in Prato, Italy. It was the start of a revolution: the craft skills of Prato, the world capital of fabrics, were combined with new ideas about sleep and wellbeing.

THE ITALIAN STORY

Everything we produce is 100% Made in Italy.

Made in Italy is the ultimate in luxury consumer goods. It means attention to detail, the highest quality, the heritage of the world's finest craftsmen and it shows in every Magniflex mattress produced.

Marco Magni, Alessandro Magni, Fabrizio Magni - OWNERS
Giuliano Magni - FOUNDER

OUR NATURAL STORY

All of our mattresses are made in an eco-friendly environment and all materials used are non-toxic and Oeko-Tex® certified. Our fire retardants are silica-based with no chemical additives.

All Magniflex products have received the highest OEKO-TEX® rating of Standard 100 and are free from:

- Formaldehyde
- Toxic Chemicals
- Off-gassing or Foul Odors
- CFC's or VOC's that are harmful to you or the environment

Natural elements are used throughout the Magniflex line of products, from organic cotton, mallow, soy oil, merino wool, natural silk and many more. This results in a superior & safe sleeping environment for you and your family.

Magniflex is **THE** natural alternative in the memory foam category.

ONLY THE BEST QUALITY MATERIALS

MEMOFORM Magniflex's unique formulation is pressure sensitive, as opposed to heat sensitive so it will perfectly contour to your body all night long.

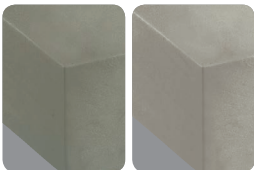

AQUABREEZE is a high-density foam with an open-cell structure that facilitates airflow and guarantees a higher breathability and durability. Plush and comfy, this material wraps around your body in a comfy embrace.

MAGNIGEL FOAM is an innovative material, which consists of highly breathable and flexible gel. This specially-designed foam dissipates heat and keeps your body fresh and cool, like sleeping on the a cloud.

MALLOW FOAM is a unique formula that uses the extract from the Mallow plant to provide extra plushness while offering calming and soothing properties.

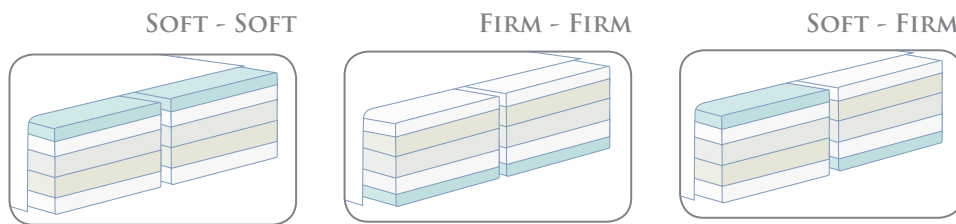

ELIOFORM/ELIOSOFT is a high density microcellular foam that provides contoured elasticity for firm postural support. The highly breathable cellular structure of this foam provides for a more conforming sleep surface.

DUAL CORE TECHNOLOGY

Say goodbye to compromise in bed. Couples can now select their preferred comfort with a quick zip and flip.

With Dual Core you can have multiple comfort combinations right at your fingertips, and you can change them any time you want.

MAGNISTRETCH TECHNOLOGY

MagniStretch is a revolutionary mattress designed to stretch and decompress your spine while preventing compacted vertebrae. Your body will be rejuvenated thanks to an increased blood flow that revitalizes your discs.

HOW IT WORKS

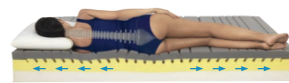

1 | PRESSURE EXERTED
BY BODY WEIGHT

2 | INCLINED SUPPORT
ZONES MOVE IN
OPPOSITE DIRECTIONS

3 | GENTLY STRETCHES
YOUR BACK, NECK
AND LEGS

BENEFICIAL TECHNOLOGY

- Helps reduce back and neck pain
- Prevents vertebrae compacting
- Revitalizes discs during sleep due to improved blood flow

**Magnistretch is endorsed
by the American Chiropractic Association.**
