

Orthopaedic specialists from all over the world suggest memoform for articular problems!

No compression thanks to the 3 zone structures that supports body weight in the 3 fundamental areas, upper, central and lower.

COVER MADE OF COOLMAX FABRIC

- 1 - Hypoallergenic and breathable fibre padding
- 2 - Insulating sheet cotton mix
- 3 - 3 zone Memoform M. Airyform layer

Memoform

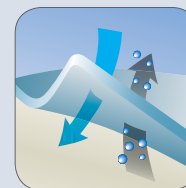

100% comfort and 100% sweetness.

During the designing of this mattress, we verified how the tension of a body that sleeps on Memoform, is already reduced by 14% in the first 30 minutes. This is due to the Memoform Magnifoam structure, that, with its capacity to adapt according to the pressure exercised, fills the “empty” spaces created by the body’s silhouette comfortably supporting the bone structure and, in particular, the areas subject to muscular and posture aches. The Airyform structure distributes the weight in 3 zones on the length of the mattress and so can support differently the head, trunk and legs. The Airyform canals optimize the thermal action of the Coolmax covering.

AIRYFORM
3 ZONES.

COOLMAX COVER.

REMOVABLE
AND WASHABLE.

20 Memoform M.	Cm

Higher and Softer!

Why choose it?

- THE 100% MEMOFORM MAGNIFOAM LAYER OFFERS AN INCREDIBLY SOFT COMFORT.
- IT ADAPTS TO THE BODY ACCORDING TO ITS HEAT AND THE PRESSURE EXERCISED.
- IT IS SUITABLE FOR THOSE CONFINED TO BED FOR A LONG TIME.
- PREVENTS BED SORES.
- DIFFERENT PRODUCTION PROCESSES TO THE THREE ZONES GIVE DIFFERENT TYPES OF SUPPORT TO SHOULDERS, BODY AND LEGS.
- COVERED WITH BREATHABLE COOLMAX FABRIC.
- COOLMAX MAINTAINS THE MICRO-CLIMATE CONSTANT BETWEEN THE BODY AND THE MATTRESS.
- PRACTICAL AND REMOVABLE, WASHABLE COVERING.
