Family is our starting point

Creatività italiana, tradizione artigianale e vocazione internazionale sono i tratti distintivi di Potocco, azienda a conduzione familiare, fondata nel 1919 da Domenico Potocco a Manzano (UD).

Italian creativity, artisan traditions and an international vocation are the distinctive traits of Potocco, a family-run company founded in 1919 by Domenico Potocco in Manzano (Udine).

Da piccola bottega artigiana per la produzione di sedie, Potocco si è evoluta nel corso degli anni trasformandosi in una vera e propria realtà industriale, specializzata nella creazione di arredi per la casa e il contract, adatti sia agli ambienti indoor che outdoor. Tappa fondamentale per l'azienda, la partecipazione nel 1961 al primo Salone del Mobile in qualità di socio fondatore.

Oggi guidata da Antonino Potocco, coadiuvato nel suo ruolo dalle figlie Alice e Marianna, quinta generazione della famiglia, l'azienda è presente in tutto il mondo grazie a una solida e vasta rete di distributori e alla recente apertura delle divisioni Potocco USA e Potocco Asia-Pacific.

From a small artisan workshop for the production of chairs, Potocco has evolved over the years, transforming into a large industrial reality, specialised in the creation of home and contract furnishing, suited to both indoor and outdoor environments. The participation in the first Salone del Mobile trade fair as a founding partner in 1961 has been a milestone in the company's history.

Led today by Antonino Potocco, assisted in his role by his daughters Alice and Marianna, the fifth generation of the family, the company is present throughout the world thanks to a solid and vast network of distributors and the recent opening of the Potocco USA and Potocco Asia-Pacific divisions.

Tailored industry is our soul

La cultura artigianale come patrimonio aziendale ha permesso a Potocco di coniugare, negli anni, i vantaggi di una moderna produzione in serie alla cura del dettaglio tipica delle lavorazioni manuali. Dopo un secolo di storia l'azienda realizza ancora internamente tutte le fasi produttive comprese le più delicate, dall'intreccio a mano, alla lavorazione del legno e dei diversi materiali.

Un connubio perfetto dove tradizione e innovazione si incontrano per garantire i più alti standard qualitativi.

006

007

Our company heritage of artisan tradition has permitted Potocco to combine over the years the advantages of modern production in series to careful details typical of handmade processes. After a century of history the company still manages all production stages internally, including the most delicate, from hand-weaving to the processing of wood and various other materials.

A perfect union where tradition and innovation meet to guarantee the highest quality standards.

Bespoke is our state of mind

Punto di forza di Potocco è da sempre la grande capacità di personalizzazione offerta al cliente: grazie a una produzione gestita internamente e all'abilità nella lavorazione dei materiali, l'azienda è in grado di realizzare su misura ogni proposta, customizzandola sulla base di specifiche richieste.

Potocco's strong point has always been its great ability to personalize its ranges for the customer: thanks to its production entirely managed in-house and its ability to work with materials, the company is able to produce each proposal with customised solutions to specific requirements.

Uncompromising quality is our mission

012

L'expertise maturata in quasi un secolo d'attività si manifesta nell'estrema cura dei dettagli, tipica della tradizione artigianale, nella lavorazione dei diversi materiali ma anche negli intrecci realizzati a mano in canna e cordino che contribuiscono a creare proposte uniche dal gusto sempre nuovo e fresco.

The expertise we have matured in almost one hundred years of activity is manifested in the careful attention to detail, typical of artisan tradition, in the processing of various materials and in the weave produced by hand in cane and ropes which contributes to the creation of unique proposals with a taste that is always new and fresh.

Home and Contract are part of our job

Concepita prima di tutto per la casa, la proposta di Potocco si rivolge contemporaneamente anche al mondo contract. Il legame indissolubile e profondo dell'azienda con il mondo del progetto trova infatti ulteriore espressione in questo settore con progetti che spaziano a 360° dall'hospitality al corporate, dal retail al navale.

Tre possibilità di fornitura assicurano infatti un'offerta eclettica e versatile che si adatta in toto alle richieste del cliente. Prodotti da catalogo, custom made e progetti ad hoc rispondono con pari efficacia alle esigenze della committenza, supportata in tutte le fasi, dall'ideazione del progetto al servizio d'assistenza post vendita.

Designed above all for the home, Potocco proposals are aimed at the same time at the world of contract furnishing. The profound and indissoluble link of the company with the world of project furnishing finds a further expression in this sector through projects that cover the full range of activities, from hospitality to corporate spaces, from retail to naval.

Three possibilities of supply guarantee a versatile and eclectic range that may be adapted completely to the requirements of the customer. Catalogue, custom-made and ad hoc projects respond with equal effectiveness to the needs of the customer, supported at every stage, from conception of the project to after-sales assistance.

Velis

Velis è un'articolata collezione di sedute pensata per rispondere alle diverse esigenze del vivere quotidiano, ideale in una sala d'attesa, in un ufficio o in ambienti domestici. Declinata nelle versioni sedia, poltrona, divanetto a due posti, lounge, sgabello singolo o doppio e panca. Velis esplora e risolve al meglio la relazione tra l'imbottito, rivestito in tessuto o pelle, e la struttura: gambe e seduta si incontrano in una cornice, in frassino o noce canaletto, che lasciata a vista conferisce ricchezza al progetto.

Velis is a comprehensive collection of seating designed to meet the different needs of day-to-day living. Ideal for waiting room, an office or in the domestic environment. Velis is available in the chair, armchair, two-seater sofa, lounge armchair, single or double stool and bench version. Velis explores and solves at best the relationship between the upholstery, fabric or leather covered and the frame: the legs and the seat join up in an ash or Canaletto walnut frame, left visible to give finesse to the design.

Bon Bon

Il disegno a fasce intrecciate delle gambe in metallo caratterizza la famiglia di tavoli e tavolini Bon Bon. A scelta, l'essenziale piano è proposto in vetro o in una preziosa gamma di marmi. All'insegna della versatilità, la base del tavolo può essere modulata a seconda delle dimensioni del piano disponibile nelle versioni tonda e rettangolare.

Blossom

094

Blossom è una collezione di sedute, tavoli e contenitori con struttura in frassino e dalle forme archetipiche, che si caratterizza per un utilizzo dosato di dettagli. Se divano, sedia, poltrona e sgabello si distinguono per le increspature che impreziosiscono l'imbottitura rivestita in tessuto o pelle, il tavolo rivela, nella semplicità del disegno, attente lavorazioni artigianali. La madia, dal disegno rigoroso, presenta quattro vani e due ante battenti poste al centro e apribili verso destra o sinistra a 180°, lasciando a giorno due vani a scelta.

Blossom is a collection of chairs, tables and cabinets with ash frame and archetypal shapes characterised by a subtle use of details. If the sofa, chair, armchair and stool are distinguished by the pleats that embellish the upholstery covered in fabric or leather, the table reveals true craftsmanship in the simplicity of the design. The sideboard, with its rigorous design, has four compartments and two doors at the centre that can be opened at 180° to the right or to the left, leaving two compartments open.

Eiles

Forme scultoree scolpite nel legno massello di frassino o noce canaletto danno vita al tavolo Eiles, il cui sapiente disegno delle gambe, rifiutando l'angolo retto, si congiunge dolcemente al piano con un effetto di continuità. L'aspetto monumentale e senza tempo del prodotto si integrano così alla ricercata lavorazione della materia prima, fiore all'occhiello dell'azienda.

Stick

La sedia e la poltrona Stick si definiscono nel contrasto tra le linee geometriche, angolari della struttura e dei braccioli in frassino e le forme più morbide della scocca, imbottita in tessuto o pelle. Quest'ultima sembra appoggiarsi alla base che la sorregge e la contiene in un gioco tridimensionale dato dalla particolare lavorazione del legno.

The Stick chair and armchair are defined by the contrast between the geometric and angular lines of the ash wood frame and arms and the softer shapes of the fabric or leather upholstered shell. The latter seems to lean on its base, which supports it, in a 3D woodwork.

I piani in HPL presentano una decorazione color marrone sui bordi. Il nucleo è ignifugo, la superficie resistente ai raggi UV ed estremamente resistente agli agenti atmosferici grazie alla resina a doppio indurimento (Fire Test EN 13501-1, B-s2, d0)

HPL tops are characterized by brown edges. The core is flame-retardant and the surface is lightfast. Thanks to the double-hardened resin, it is also extremely weather resistant. (Fire Test EN 13501-1, B-s2,d0)
