

HOME

DAVID CASADESÚS

La pequeña mesa Home se concibe como un producto destinado a colocarse al lado o delante de los sofás, su función es puramente auxiliar. Su particularidad radica en que cada cara de la misma posee una letra que da nombre a la propia mesa. Se realiza en hierro pintado epoxido negro o en acero inoxidable satinado.

The small table Home is conceived as an item to be placed beside or in front of the sofa, its function is merely auxiliar. Its particularity consists in the fact that each side of the table has a letter which gives the name to the table itself. Available in iron painted in epoxide or in stainless steel with satin finish.
